Leadership Activities

Data Science League

Training Director

Limeira, SP

October 2025 – Present

- Implemented a new hands-on exercise methodology for trainings using Google Classroom, achieving a 95% engagement and completion rate among members.
- Grew the Training department from 6 to 10 members — the largest area in the league's history — enabling the creation of new initiatives and teaching formats.
- Led the team to break the league's historical record for trainings delivered in a single semester, running two two-day intensive workshops with complete teaching materials (workbooks and exercises).
- Coordinated an 8-day external event focused on promoting research, managing 20 members across different areas of the league and establishing strategic partnerships with two other organizations.
